Key Person Policy

At Ladybirds we recognise that each child in the EYFS should be assigned a key person. For the purpose of our wraparound care service will inform you of your child's key person when they start at Ladybirds. We will also record each child's teacher/key person's name and liaise with them regularly to ensure continuity of care, learning and development. All staff at Ladybirds understand their responsibility to report and communicate relevant and appropriate information with both teachers and parents/carers in a timely and professional manner.

Learning and Development

One of our main aims at Ladybirds is to extend, support and develop the learning that is happening during normal school hours. To enable us to do this we will:

- Plan weekly themes and provide opportunities for children to take part in both structured and non-structured activities daily;
- Liaise with class teachers and parents/carers to inform our planning/routines and ensure they are unique to each child's age and stage of development; and
- Follow each child's lead, taking note of their current interests and hobbies to inform our planning and routines.
