On the next couple of pages we ask you about your child's Ethnicity, Religion, Language and how your child normally travels to school. You have every right to refuse to give any of the following information and any information given can be retracted at a later stage by informing the school. However, if you complete each section in a positive way, it may result in additional resources for the school and authority. In relation to the mode of travel please be honest about this and where, for example, part of the journey is by car and part, say, is walking, please list the mode of transport used for the majority of the journey to school. This information is shared with the Local Authority and can be used to great advantage for us when working on School Travel Plans and seeking help address local road safety issues.

(A). Ethnic background (based on the Census ethnic categories)

Our ethnic background describes how we think of ourselves. This may be based on many things, including, for example, our skin colour, language, culture, ancestry or family history. ***Ethnic background is not the same as nationality or country of birth.*** Please study the list below and tick one box only to indicate the ethnic background of your son or daughter named above.

(E). Adopted from Care

Children adopted from care on or after 30 December 2005, as well as those who left care under a special guardianship order or residence order (now known as a child arrangements order) attract a significant sum of additional funding to schools to be used to help support your child's academic progress and attainment. If this is applicable to your child, we would be grateful if you could indicate (with a tick) which category below he/she falls into. It should be emphasised that the offering of this information is purely voluntary and parents are under no obligation to do so:

Consent to HCP Growth Measurement and NCMP Opt Out
V5 (2018)

What is the National Child Measurement Programme?

It is important to have a good understanding of how children are growing, so that the best possible advice and support can be provided for them and their families. Helping children to achieve a healthy weight is both a national and local priority.

Children in England in reception year and year 6 have their height and weight measured each year through the National Child Measurement Programme (NCMP) and your child's class will take part in this year's measurement programme.

The measurements will be taken by trained health professionals from Shropshire Community Health NHS Trust Public Health Nursing Service. Children are fully dressed except for their coats and shoes and the measurements will be taken in a private area.

Routine data, such as your child's name, sex, address, postcode, ethnicity and date of birth, will also be collected. This information will then be used within the local authority and NHS to help plan interventions and services to help local children and their families to achieve and maintain a healthy weight. The information may be stored on your child's health record. No child's height or weight measurements will be given to school staff or other children.

The records of children's heights and weights will be submitted for analysis in a way that means individual children cannot be directly identified. National and local level summaries of the data will be published. All information and results will be treated confidentially.

Once your child has had their height and weight checked, a member of the Public Health Nurse Service may contact you, and Shropshire Community Health NHS Trust will send you your child's results through the post, together with general advice on healthy eating and being active.

Parents can exercise their right to opt-out of the National Child Measurement Programme. You can consent to the School Medical Programme overleaf but choose not to allow the measurements to be fed into the National Child Measurement Programme. In this case you will not routinely receive your child's measurements unless you contact your Public Health Nurse.

If you would like to discuss your decision or would like further details regarding the programme, please contact the Shropshire Public Health Nurse Service NCMP advice line on 01743 277676.
